## Pictures are now up

All of the pictures that were given to me are now online here: [http://www.rm944.com/events/2008-06-13\\_15%20Miller/gallery/](http://www.rm944.com/events/2008-06-13_15%20Miller/gallery/)

The originals were huge, so I've resized them to a max of 1024x768. If you want a full size copy of any of them, just give me the filename or URL and an e-mail address that you want the original sent to...

Many of those pictures are from my wife, so it's a little heavy on our car/pit. The pic below bears some explaining - that pile of dirt came out of Ray's filter after he went off Saturday.
