I am planning to be there, Mickey Dowling will be pitted with us in his 944S2 too. Mickey and I both need tires, so if anybody can reach Bryan, let him know. Mickey uses 16's which I think Bryan knows the correct size.

Looking forward to seeing all of you again, hope it's a big turn out!!!!

I e-mailed Bryan and he did respond.

I e-mailed Kent Buckley and he said he will be there too, should be like the good old days, it's good to see lots of DE cars as well.

10,000 miles and 13 days to go, but who counting? Looks like I won't be getting any awards for the most distance traveled to MMP!

Thanks for the welcome back notes guys, you are the best and I can't wait to hang out in the US again!

any of you DE3 guys have a second seat and willing to take a potential 944 convert out on track?
I'd like to get some time in a car before I pull the trigger.

Hey Norm, really looking forward to seeing you!. When will you be back in-country?

By the way, my car is fixed and as ready to go as it ever will be, so I'll definitely be there. Also, I just checked and Dave Hauk is registered for both days, so we'll have at least 10 race entries, plus Hal Dunn is going to try to get out here for Saturday. His anniversary (32 yrs I believe)is Sunday so he can't pull that one off and stay married.

I will be racing sunday and should be able to get you a ride in my race car. We can probably get in a DE2 for a few laps.

Good News on Dave,

I will update him to our list. Hal, good man for making one day. I will not make Saturday as we will be having our daughter's 2nd birthday party. Some you may remember she was born on a race day Sunday May 7th, 2006. Just yesterday we were out front of the house and she was going Mmum, mumm when the cars went by. B)

Joe, I tried to sign up only to find there is a NASA policy requiring race group entrants to sign up for both days. (See my post under registration Topic on CRA's website). I PM'd Jason, and hopefully, I will get it resolved and be able to attend.:(

I saw that. Makes no sense to require both days. Let me know if you can't get it straight.

Jason just told me to show up and we will get it straight at registration. Doesn't make sense to me either!

Well most regions don't have tracks so close to home that most guys just go home each night. As such "making a weekend" out of it makes sense. Even so there are plenty of reasons why just doing one day maybe required. Hey well all have lives outside of racing and sometimes one day is the best we can muster. In those cases 1 day is better than 0 days.

Well, Unbelievably!!, I can now make the race both days, and still remain married!!B) Very understanding wife, who just needed to hear that I was "WILLING" to give up racing on Sunday before she agreed to allow me to race without a hassle.:S Just need to make sure I treat her to a real nice weekend out soon.

After all the problems, I saw where the registration site for AZ was changed to include 1 day signups. Jason was right, I checked all the other regions and they only had 2 day registration linkks available.

Anyhow, I should be there late Friday with the motorhome and all my gear. Looking forward to a great weekend.:laugh:
