Well guys it is the end of another season in 944 spec. 2012 will be out 10th Anniversary as a class. Yes back in the spring of 2002 the class was formed. It is kind of amazing it has been that long and amazing how it has grown from a few guys in Arizona to nationwide class with cars all over the country.

Quick update on the season.. NASA Az held 20 races in 2011 on 5 different tracks. That is a lot of racing. Iron Man award goes to Dave Hauck for starting 19 of 20 races this year and attending every single event. Field sizes were not largest of the past few years, but we have ended with a strong count and picked up two new rookie racers. Pete Dimuzio and Rob Giorgio have jumped into the race group this year as rookies and both have done very well.

On to the Championship points. ( The website will be updated shortly with all results.)

Top 4 in points are as follows

Norm Hamden – Total 1617 – After Drops = 1550 – 2011 Az Season Champion - \$1000 Toyo Rebates
