

Willow Springs Video

Posted by capt squid - 19 Jul 2016 16:59

Sunday race with Jerry and I door to door through t2 and Marcello and I door to door through 3, 4 and into five. The Honda behind us is having a fit.

Everett makes a nice run on me but is black flagged after a few laps. Really a shame ad he missed the Saturday race.

Will post the start of Saturday later.
