We have a few extra cars in the RMR and at least one car maybe more are available as a "rent to own"; For this memorial day weekend we have a race at High Plains Raceway Our roll call is up to 20ish cars for this event so except for possibly Nationals this is the largest 944-spec event for 2012 !

Fly out , drive out , bring a trailer or set up transportation .

Rent a 944-spec car , then apply your rental to ownership of your new race car, or just enjoy the race in a large field !

prices are between \$6,300 and \$12,000ish . ! OBO.
