

1987 Porsche 944S track prepared car

Posted by spec944#74 - 11 Oct 2008 06:17

1987 944S, 3000 miles on professionally rebuilt motor, including main and crank bearings, new crankshaft, S2 cams, performance chip,two oil coolers, MO3O sway bars, coilovers and Koni's on all 4 corners, corner balanced, roll bar, two Recaro Pole Position racing seats, two sets five point harnesses,mounted fire extinguisher,MOMO steering wheel, shift light, 16" wheels with Goodyear Eagles (2 brand new), set of 15" track wheels with 225X50 RA1's with some life left in them. Rear seat and carpeting removed but available. Body very good, decent paint, street legal. Great running car, excellent DE and autocross car, could be a very good 944 Cup car. Have all records from motor rebuild.
