I picked up this 1987 924/944 to set up and run on the track,, Just never had the time or money to do the work,, It ran great when I bought it,, Think it's the fuel pump not working,, I't was smog-ed when I bought it.. Also have a 1985 944 without a motor great body.. This one was to be the parts car.. I'm going to set up my 928 for the track,, So I would like to sell these two.. Would like to get \$1,200.00 for both.. O.B.O. I'm up here in Calaveras Co. Copperopolis Ca.. Call Duane (209)743-4117
