

WTB: Drivers side front fender for 924S

Posted by Robbie - 15 May 2013 08:01

I crunched my car into a tire wall and need a new drivers side front fender for my 924S. Black is the preferred color, but any color fender without major damage or rust is welcomed!

Hey Robbie... I may have a source on some local 924 fenders. Hang on...
