

WTB LSD Transaxle or just differential

Posted by FDJeremy - 21 Oct 2014 09:27

I'm looking for a stock LSD transaxle or just the LSD . I am open to a Gaurd LSD unit as well.

Anybody got either laying around they aren't going to use?

Thanks,

Jeremy

Steve is spec944#74 on this forum.

I found out yesterday that the LSD is sold, however.
