good prices scott but sorry to say those sizes are illegal in 944 spec (unless those 31mm bars happen to be hollow)

both sets of the 31's are now sold. Thanks everyone. If you know of someone that could use the 33's on their car (not in spec) then have them give me a call.

707-935-3999 ext 122

The 33's are now sold. You can close this thread if you wish.

Thanks,
