

FS: short 5th gear-set

Posted by moorepower - 01 Oct 2009 04:59

From an '88 924S. It has about 100k miles on it. I swapped the trans out because the 1-2 synchro was gone.

I'm asking \$190 shipped to the US. I can include the shift fork and the 5th gear synchro as well, if you want it.
