

WANTED 1987 Drivers side outside door handle

Posted by seafeye - 28 Oct 2010 16:00

Just bought my new to me 944. Going to start tearing it apart for a fun track car. But the drivers door handle is busted. I would really like to be able to lock the doors. If you have one please let me know. I was trying to avoid the \$200 for a new one.

Thanks

call Johnny at (859)760-0071 and tell him Anthony Magagnoli sent you. He'll have a keyed and matched set for you.

Thx

I just found a guy local that has one.

Thanks anyway.
