

DME

Posted by PNM52 - 28 Jan 2012 09:25

I have three Motronic DME's in front of me and they all look the same after twelve months can anyone identify the year and model they fit ?

#1- 0 261 200 077

944.618.121.04

#2 0 261 200 080

944.618.124.080

#3 0 261 200 086

944 .618. 121. 04

Thanks in advance (tia) Paul Meier

ECU #2 is for a 944S

#3 should be for an 88 motor and #1 for a late 2.5

#1 - this is for any car up to '87 with the M44.07/08 motor (non-high compression)

#2 - 944S

944-SPEC - 944SPEC - low cost wheel to wheel racing

Generated: 13 February, 2026, 03:08

#3 - also for any car up to '87 - the 88's (M44.09/10 motor) have a 944.618.121.05 P/N
