

WTB Short 5th

Posted by Takumi - 22 Jun 2012 05:53

Hi All,

I am (really Jim at PineTree Motorsports is) in the process of fixing my failed clutch. It failed on the white flag lap when I was in third, the agony! While the transmission is out I would like to upgrade to a short 5th for Mid-Ohio and Road America. Anyone have one that they are will to sell or trade? Any help would be much appreciated..

Sid
