This is one of my best 4th's ever, had my torque wrench stolen from my hi dollar motel parking lot, but other than that, it's all good.

Thanks Charlie, best wishes to you and all the rest as well!

Bummer Norm, you can use mine at Laguna if you need it.

At least you have a positive attitude about it. Good for you!

Hope everyone got through the 4th with all of their fingers - hard to race w/o them! It's these days that I'm reminded how fortunate we are to be able to engage in all this insane craziness.
