I'm starting to look into purchasing a traqmate this year and was wondering if anyone knew of any discounts through our sponsors ?

i was just looking at CDOC cause maybe they will give me credits for the last race. haven't heard yet. anyway, they don't have the complete units on their site, only cheap accessories. I think ideally we should have one to share in Norcal 944spec. My brother and I are sharing ours so i actually need to buy another if we are both going to race and traqmate at the same time.

Talk to Hornswoggler on nasaforums.com... He can't advertise sub-MSRP prices publicly, but I saved a couple hundred bucks by getting my Traqmate Complete + Traqdata II through him. I've seen used Traqmates on eBay sell for about the same, if not more, than the price of one through him.
