Wreck @ Barber Motorsports	Park
Poeted by mommotoreports - 31 May 2009 13:40	

Granted, not as severe as Eric's a couple of weeks ago but it did take out my p/s door and rocker panel.

With that said, upon further review of the incar footage, I see what I did wrong AND it is not what all parties involved thought I did wrong. So, here is the video for your review and lets see who gets it right.

What mistake did I make to cause this wreck:
