

Nationals Brain Storming

Posted by Sterling Doc - 07 May 2011 08:15

Lets post up ideas on how to make Nationals better, more accessable, etc.

I'll start with a couple:

1. Group rental on RV's to stay at the track for less. I can help coordinate that. Get an RV that sleeps 6+ people, and split the cost. Renting travel trailers locally might also be an option. 2. Registry of cars available for rent and drivers needing cars here.
3. Group transportation of cars from out west to split costs.
4. Group Paddock on the paved area.
