

2013 Nationals at Miller! Lets see 30+ Cars!

Posted by Sterling Doc - 10 Apr 2013 19:50

It's early, but it's not too early! Get in on the cheap rates now - \$400 off full price!

<http://www.nasapracing.com/event/1586>

I see a 30+ car field in the making!

This is looking like a real *National* Championship

Will the National title stay in California?

Will the semi from the MW bring the new National Champion?

Will the resurgent RM region bring home the bacon?

Will Texas make it big?

Will the home crew from Utah make home field advantage stick?

Will an AZ driver repeat as the fastest driver in 944 Spec?

Will a Rookie from the SE or Mid- South surprise?

Will we see the NW represent?

944 Spec is bigger than ever Nationally, and Miller is in the middle of it all.

2013 is going to be the biggest, and best Nationals we've seen, all the way through the field!

We are going to have data sharing, and coaching sessions.

We are going to have some great, clean racing!

We are going to have fun!!!

Tell me what ideas you guys have, what you'd like to see (or not!)

Tell me who's coming, and we'll start a list here

Let's build it!

=====

WTG RMR!!!

Eric, I know that I will want a garage and I believe that Tyler wants one too. If we can arrange for additional garages all in a row please do so.

I will happily pony up an additional \$100 into the community garages for 944Spec.

Awesome!

I'll put up a thread later today for those interested in garages, and/or community pavement spots in front of the garages. We might be able to get more garages by dividing the cost among several guys - to be both in, or next to a garage. Each garage is 2 cars wide, and comes with 90 feet of pavement in front of that.

Thanks for contributing to the community garage, Charlie, that helps!

C.J. - that's awesome - it will be great to see you guys out there again.

Keep workin on finding ways to cut costs, and coordinate to allow more poeple to come, guys!

Just got the news that 944 Spec is the largest field currently registered at 25 cars as of today!

Bigger than SM, SE30, AI! Let's keep em coming!

THIS. IS. GOING. TO. BE. AWESOME!

Thats fantastic Eric!!!

It will be great to see a full grid at Nationals.
