

944 Spec compound

Posted by cbuzzetti - 16 Aug 2013 22:24

Is there any plan as far as a 944 Spec compound for the RVs like in 09 and 10?

It worked out great and it was a good meeting and gathering place.

Did we get a community garage?

Any one have a count on the number of RVs?

We have 2 garages for the MW guys, and plan to put the 4 cars in/around one, and leave the other one for to work on cars, and hang out. I'll see about the RV's. If it was done before, we'll try and do the same.

I just got off the phone with Will Faules. The day garages have sold out. He was contacted by 8 guys for Day Garage slots:

Walsch

Attebury

Richmond

Buzetti

Kuhns

Agran

Chikkara

Barton

Each guy has been assigned 1 slot in the garage (1/2 a full garage).

For community space to hang out, and work on cars, the 4 MW guys (last 4 on the list), are going to park in one garage, and leave the other one open to work on cars and hang out. This work area will be open to any 944 in need.

We will be in the red box area on this map:
