

Longest Tow?

Posted by comatb - 28 Feb 2008 14:00

I just thought that I would get this thread going. Well Ernie and I registered today, so I guess that we have thrown down the gauntlet in regards to the longest tow to Miller. That is if we get there! You never know what can happen between now and then. Let's see if someone will tow from farther than the Toronto area.

Bill
