

Who wants to be an exhibitionist ?

Get ready Race Fans ! We are going into the heart of knuckle draggers ! For some FREE racing ! I'm still working on the details but plan on it being a sponsor paying, NASA race for 944-SPEC ! We will also be able to show off the cars to all of the crowd before and after the nights races .

So get out those mud flaps and mullet wigs . It's going to be FUN !

More details to come, and YES I am working this for Colorado National Speedway also.

This will also really help on sponsor search due to the number of fans that will see our cars !

stop the madness! you can throw a stone from one side of that track to the other. the infield course is a figure 8. what's next, Chuck - run 'em backwards in the mud with tractor exhaust straight through the hood for demolition derby at the county fair!?!?! oh, the humanity...!

Phil - don't give the knuckle-draggers any ideas!

JUNE 28th ! Get ready for one fun night of turning ... LEFT !

we will also put on a small car show in support of NASA so even if you don't race that night please make plans to help us support NASA .

Thanks

Yep - I probably won't race at this one, but I'd be up for coming down to spectate/help out/feed my inner redneck/etc.

Should be some good old-fashioned Saturday night short-track fun!
