It looks like PCA has 50% of the 2014 season posted and NASA has its complete schedule online as well. PCA will have 5 "local" races; March TWS, April COTA, May NOLA, October MSR Cresson, and October Hallett. There is some overlap with conflicting dates with NASA.

I think it would be a good thing for the series for people to communicate where they intend to race. We can try to maximize participants. The local racers I know of are:

- 1. Todd Imwold
- 2. Steve Coomes
- 3. Greg Hutmacher
- 4. Mark Steele
- 5. Lisa Steele
- 6. Bill Georgas
- 7. Phil Hansen
- 8. Jose Avala (Austin)
- 9. Kevin Mitchell
- 10. Steve Coomes Rental Car
- 11. Chuck Frahm

Non locals who run in Texas

- 12. Chris Blazer
- 13. Julie Bailey
- 14. Terry Morris
- 15. Chris Blazer rental car

Who am I missing?

I intend to run the 5 PCA events and a few saturdays for local NASA events.

Stephen
We've talked and u know if there is anything I can do to help let me know.
I have parts tires and stuff. We're also close enough we can meet and go over every thing or just have a brew.

Phil - thanks, I appreciate your willingness to help a great deal! I'm going to be at TWS with NASA in April and hope to see you there. I'm hopeful I can get out on track with you for some of the fall dates and mix it up a little! -Stephen

Bill,
I saw your car at the DE last weekend and tried to find you. I am planning on the Sept DE so maybe we can zero in then.
First I me since Feb I had the car out . Felt pretty good but need to make the suspension mods. Do you have a good shop that could do the work? Also, really liked your car set up especially the dash. Who makes it?
Regards, Chuck #22

Chuck,

Sorry I missed you! I kept wanting to track you down (I saw your car), but I was pretty busy! The dash came from a guy in FL (CCP Fabrication), I bought it on ebay. For the suspension work, I did my own install, and then had it aligned at RAC Performance. Let's catch up live, my mobile number is 214.364.7483.
