Great, clean racing on your part, and an awesome video layout & composition.

Two more videos:

GTS Championship Race - nevermind the dynamic ballast. Bill Murray was apparently doing work on the drift course during the race. If you see it, you'll get it.

youtu.be/0j_0X1ccYxE

One lap around VIR with footwork. Not my fastest lap of the event, but close and in traffic during the GTS Championship Race.
